

BV getting you down?

piva⁰¹
Bacterial Vaginosis

Bacterial Vaginosis Clinical Research

If you are troubled by BV symptoms, you could take part.
We are conducting a study to see if a new, non-antibiotic vaginal mousse can effectively treat BV.

To take part you must:

- Be 16 years or older
(not yet in menopause)
- Have no antibiotic treatment
in the past 3 months

3 Clinic Visits

Over 4-6 weeks

**£150 paid to cover
travel expenses and
inconvenience**

See if you might be eligible:
